FRANK T. BULLEN WAS STAGGERED

That is the Way Eminent Author Expresses His Impressions of Canada

RAILWAYS GREAT NEED

But Mr. Bullen Thinks Province Had Not Better Try Building Its Own

Frank T. Bullen, the eminent English writer, returned to Edmonton last night after an absence of fifteen days or so. When he was here last he had little or nothing to say to the press, but this morning he gave the newspapers a few of his impressions and opinions.

"What impresses me most of all is the vastness of this country," said Mr. Bullen. "I have been all over the Empire except South Africa, and as rapidly as possible—that's what I want," was the impressive way Mr. Bullen put it. "The difficulties which the railways find are largely of their own making. The want of capital is perhaps the greatest of the obstacles, but it is because they don't appeal to the right people for assistance."

Here Mr. Bullen paid a compliment to the president of the C. N. R. Wm. Mackenzie.

"What Mackenzie does not know about railways is not worth knowing," he said.

"If the construction of railways is to be encouraged railways should be subsidized by the province. They should not own railways as that would be the beginning of all sorts of trouble."

Mr. Bullen then launched into a discussion on the Englishmen in Canada. He said that he wished to see the popular impression that the "mother country was no good except to borrow money from," corrected, and also the impression that all Englishmen are akin to the renegade man.

TWO PUT UNDER ARREST

One Is Wife of the Victim and Other a Man Travelling With Party

Portland, Ore., June 21.—The murder of murderers in wrongly routing a trunk sent to the United States in this city was the means late yesterday of disclosing a ghastly murder. The victim was Wm. Johnson, who with his wife and seven year old son, arrived here on Monday morning in company with a man who went by the name of A. C. Powers. The party registered at a cheap north end hotel, "Powers" as coming from Nome, Alaska. The Johnsons did not give their residence.

Powers, whose real name is J. F. Webb, and his Johnson, who was arrested at an up-town eating house today. They were apprehended as they were returning from an auto ride to a suburban resort. Both denied any knowledge of the crime. Webb's person were two watches, one of which Mrs. Johnson identified as her husband's and the woman's handkerchief was blood stained. One of Webb's hands was injured and bandaged. He carried an International Typographical Union Card issued by the Vancouver, B.C., local, No. 2226. Webb is believed to have operated in real estate in Seattle within the last few months.

HEAVY PASSENGER TRAFFIC

Winnipeg, June 21.—There has been no parallel for the present passenger traffic in my eleven years' experience in the west," said C. E. Macpherson, general passenger agent of the Canadian Pacific railway's west-bound trains. Not only is there an immense inward flow of immigrants from Europe and from the United States, but the general business, the tourist and far of ordinary travellers, is far in excess of anything in the history of the west.

NO CLUE YET TO MURDER MYSTERY

Russian Who Was Held by Italian Police Has Been Discharged

Como, Italy, June 21.—Constantine Isotoff, the Russian, who has been detained in connection with the mysterious murder of Mrs. Porter Charlton, whose body was found packed in a trunk, fished out of Lake Como, has been discharged. Apparently the police found nothing tangible on which to hold him longer.

COLONIES WILL BE ASKED FIRST

Inspection of Militia by British Officer Will Be Made Only on Request

DO COLONIES DESIRE IT?

Earl Crews Said That Impression at Colonial Conference Was That They Did

London, June 21.—In the House of Lords yesterday, Lord Lucas stated that the Over Seas Dominions will be asked at the next Imperial Conference whether they approved of the idea of the inspection of their forces by the commander-in-chief of the Mediterranean forces. Earl Crews emphasized the fact that there was no question of this country sending an officer, however eminent, to inspect the self-governing dominions, except at the request of the respective governments. The impression at the last Colonial Conference was that there was real desire as far as possible to obtain uniformity of equipment and character of the forces throughout the different parts of the empire and the colonies would welcome such inspection as suggested. It would not necessarily be a periodical inspection, he concluded.

GHASTLY MURDER WAS DISCLOSED

Human Remains Found in a Trunk at the Station at Portland, Ore.

NEGRO MURDERER BURNED AT STAKE

Mob Overpowered Sheriff and Deputies and Took Prisoner Away From Them

DISREGARDED APPEALS

They Tied Unfortunate Man to Stake and Fed Fire Until He Was Incinerated

Rush, Texas, June 21.—Leonard Johnson, a negro, charged with having killed Miss Maud Redding, a young woman near here yesterday, was burned at the stake by a mob near the scene of the crime late last night. Sheriff Norwood and his deputies were en route to Rush with the negro when they were overpowered by a mob at Lone Star near the home of the murdered woman.

Seizing the negro who pleaded for his life, the mob composed of more than one hundred men and boys dragged him a short distance from town. There, it is said, he confessed that he had mistreated and murdered Miss Redding.

The negro was tied to a stake and a torch applied. Disregarding his pleadings the fire was fed until he was dead and partly incinerated.

Miss Redding left her home to go to Lone Star. Later her body with her throat cut was found in the woods a short distance from the town.

SIR IAN HAMILTON GETS APPOINTMENT

Takes Position Lord Itchenor Refused: Because There Was Nothing to Do

London, June 21.—General Sir Ian Hamilton, adjutant to the forces, has been appointed to the post of Inspector General of the Mediterranean forces to succeed Field Marshal Lord Kitchener, resigned. General Hamilton is the second military member of the Army Council. He was chief of staff to Lord Kitchener in 1909-10 in South Africa and was one of the defenders of Ladysmith in the Boer War. He served as military representative of India with the Japanese army in Manchuria, 1904-05.

RACE HORSES LOST IN OTTAWA FIRE

Stables at Central Canada Exhibition Grounds Destroyed—One Man Burned

Ottawa, June 21.—The Central Canada exhibition buildings were last night visited by fire. Mixed alarms delayed the brigade in getting to the scene with the result that stables in which were a number of trotting horses were destroyed. In attempting to rescue the well known trotter, Waterloo, Frank Putnam, the owner, was seriously burned, and was taken to St. Luke's Hospital. All the race horses but eight were safely removed. The stables were frame structures so that the loss will not exceed \$15,000.

BIPLANE DRIVER TOOK PASSENGER

Woman Paid High Price for First Ride, But Did Not Go Far

London, June 21.—Graham White, English aviator, who was a member of the London to Manchester prize of \$30,000 recently announced that he would take passengers in his biplane. Lady Abby secured the right of the first flight for £126. The second and third flights were to cost her £14 and 10s. The first flight took place Saturday. Soon after the start the engine of the machine failed and the biplane fell. It happened that it was only about ten feet in the air at the time and the parties were uninjured. The machine, however, was badly damaged.

WHEAT PRICES ARE MOVING UPWARD

Reports of Drought in the Dakotas and Minnesota Cause

Winnipeg, June 21.—There was a jump of between three and four cents in wheat prices today, with more drought reports from the Dakotas and Minnesota. The ruling figures were: Wheat No. 1, 69½; No. 2, 73½; Oats, No. 2, 31½; No. 3, 31½; Barley, No. 3, 42½; No. 4, 40½. Future wheat: June 99½, July 99½, October, 92½; Oats, June 23½, July, 25½; October, 33½. Flax, June, 195; July, 191; October, 190.

OUTBREAK WAS NIPPED IN BUD

Mexican Government Believes That It Has Checked Serious Rising Against It

SMUGGLED ARMS FOUND

One of the Leaders, Candidate for Presidency, Has Been Placed Under Arrest

Cananea, Mexico, June 21.—The premature discovery of smuggled arms and ammunition followed by the arrest of the leaders of the discontented faction and the proclamation of martial law in Cananea and other border towns, has probably checked the serious outbreak against the Mexican government, scheduled to take place on June 26th, election day. The revolutionary movement originated among the young men of Northern Mexico, followers. It is said, of General Bernardo Reyes, now in Europe and of Senator Madrid, candidate for president, now under arrest in Monterey on the charge of causing crowds to form.

MANY CHANGES IN STREET RAILWAY

New Superintendent, New Organization, New Rules, New Schedule of Wages

MR. J. D. MCKINNON TO GO

Commissioners Decide to Give the City Building Inspector One Month's Notice

Commissioner Hamilton's report in connection with the radial railway will have for its result a re-organization of the affairs of the road, including the appointment of a superintendent in the person of Mr. C. V. Bismarck. The report was presented to the commissioners in meeting yesterday afternoon and after consideration was adopted, and the decision will be reported to council at its meeting tonight.

The report recommends the division of the road into four departments—operation, maintenance of way, maintenance of equipment and offices, all to be supervised by Mr. Bismarck.

Besides having effect in the organization of the road the report also affects the employees. A drastic revision of the rules and regulations will ensue, the several privileges hitherto enjoyed by the employees will be withdrawn and those deprived compensated for such loss. The plan of promotion by seniority will be abolished and merit will be the standard. Carmen who are receiving 25 cents or upwards an hour will receive an increase of 2½ cents per hour.

J. D. Mackinnon, the building inspector, will be removed from his position in a month in consequence of a motion passed unanimously by the board. The utilities commissioner who proposed the motion stated that Mr. Mackinnon did not show the proper spirit of co-operation with the board.

The commissioners will take immediate steps to find a capable successor.

SETTLERS BRING MANY MILLIONS

Estimated Those From States This Year Brought Ten Million Dollars

CROWDS STILL COMING

Another Party of Two Hundred Will Pass Through Winnipeg on Thursday

Winnipeg, Man., June 21.—The number of immigrants in the west amounts to many thousands this year and inquiries have elicited the fact that the introduction of specie into this country has eclipsed any previous six months in the history of the Dominion. Hundreds of farmers from the Western States have taken up their homes to the west of Winnipeg and it is computed that they have brought with them about ten million dollars. This healthy state of affairs shows no diminishment and on Thursday morning another couple of hundred homesteaders and investors will pass through Winnipeg to explore the golden area towards the Pacific.

THE PREMIER'S SCHEDULE
Premier Smith is tonight speaking at term. His other meetings are as follows:
Wednesday—Manville.
Thursday—Vernilion.
Friday—Minburn.
Saturday—Innisfree.
Monday—Ranfurly.
Tuesday—Vernilion.

NUISANCE WILL BE MADE A PARK

Grievance of Residents of Norwood Section Will Be Transformed Into Blessing

"The manure problem has at last been solved and in a simple way. The board of health is to use as means of filling up the depressions and ravines in the nuisance grounds, and the many hillocks and piles of ashes will be scraped and the material used as a covering. Steps will also be taken to remove all the unsightly objects in the nuisance ground with the ultimate intention of converting it into a small park for the benefit of the residents of Norwood."

At the present all manure and other refuse except garbage is being deposited in the ground below Grieson street and practically the same use is being made of this material in the case of the nuisance ground. The probability is that this place will be converted into a public park at some future date, at least that is a pet scheme of the Medical Health Officer. Another useful purpose to which the dumping in that locality will serve is that it will tend to strengthen the bank which for some time past has been crumbling, with the obvious effect of lowering the price of property on the top. Property owners and residents in that vicinity have up to now objected to the dumping of refuse at that point on the ground that it might constitute disease, but now they are quite contented when they see the real object.

ANALYSTS FIND TRACE OF POISON

Sensational Evidence Promised for Inquest Into Ontario Woman's Mysterious Death

Norwich, Ont., June 21.—When the jury investigating the mysterious death of Mrs. Orena Riddell, assembled on Thursday evening next for what is expected to be the final sitting of the coroner's inquest, it is practically a surety that the provincial analyst's report, which will then be ready for presentation, will show the presence of a considerable quantity of prussic acid in the stomach of the woman. This assurance is based on a strong odor of the deadly acid which was detected about the mouth when examined by the physicians shortly after death.

CONSERVATIVES IN MANITOBA RIDINGS

McMeans Will Run in South Winnipeg and Bernier in St. Boniface

Winnipeg, June 21.—Ald. L. McMeans was chosen in South Winnipeg last night to contest that constituency in the provincial elections. Jos Bernier, M.P.P., was again chosen as a candidate by the St. Boniface Conservatives assembled in convention yesterday.

EARL GREY MAKES VERY GOOD AGENT

He Has Been Stirring Up the Commercial Men in Great Britain

CANADA'S POSSIBILITIES

Governor General in Brief Visit to England Was Working for This Country

London, June 21.—Earl Grey has already stirred up the English business men to the commercial possibilities of Canada.

The Westminster Gazette says: "Earl Grey whom we are glad to see back in England, for a brief visit of the school of business viceroys. Hardly had he landed when he was preaching the possibilities of Canada."

The paper then quotes Earl Grey's communication urging British commercial houses to send their best agents to Canada.

"Earl Grey," it says, "sees a great opportunity in the exhibition which is to be held in Toronto."

LIGHTNING CAUSE OF MANY DEATHS

From Many Different Districts Reports of Fatalities Continue to Come in

Worcester, Mass., June 21.—Fred Livesey, a New England brakeman, while working on a freight train at Worcester, was struck by lightning and fell from his train. His neck was broken and he died instantly. Orville Ford, clerk in the freight office of the New Haven Railway, was completely paralyzed by a bolt of lightning which entered his office. He is not expected to live. A dozen houses in the city were struck by lightning.

Sherbrooke, P.Q., June 21.—Joseph Poulin, a farmer, residing near Martville, was struck by lightning and instantly killed. He was sowing lucerne when struck. He leaves a widow and six children.

Six Struck by Lightning
Hillsboro, R.I., June 20.—A bolt of lightning struck Louis Lucier, 8 years old, and severely shocked and injured six other boys in a party of eight, returning from swimming. They were standing under a tree to escape the rain. Only one of the boys escaped unharmed.

PREACHERS FIGHT DUEL IN CHURCH

The Service Was Going on at the Time—One Man Was Killed

Lexington, Ky., June 21.—A special from Williamsburg, Ky., says that Rev. Robt. Vanover and Rev. Isaac Perry, well known mountain preachers, who had been holding revival meetings, fought a duel with knives in the Rock Creek Baptist church, Whitley County. Vanover's throat was cut from ear to ear and he died in a short time. The trouble grew out of the charges against Vanover which were being tried in the church when the fight occurred. Perry and his brother were in jail at Williamsburg. The duel took place during the service and panic followed.

ALL THE BY-LAWS WERE CARRIED

That to Give a Grant to the Hospital Received Largest Majority

TOTAL VOTE WAS SMALL

The Inclement Weather and Lack of Opposition Kept Voters at Home

The citizens of Edmonton yesterday signified by unusually large majorities their approval of the five by-laws submitted to the electorate for their sanction or disavow. Each by-law obtained a distinct victory. It was most decided in the case of the by-law which provides for the issue of disbursements for the proposed Royal Alexandra Hospital to the extent of \$175,000. It carried by a vote of 1610 to 196.

The by-law granting a franchise to the Brunell Radial system was also sanctioned by a convincing majority. The figures in their case were 1414 to 286, giving a plurality of 1128.

The exhibition by-law was approved of to the extent of a majority of 1371 votes.

The by-law providing for an appropriation of \$25,000 to be used in purchasing a site for a public library was favored by a majority of 739, while in the case of the by-law granting a special franchise to the Finch Compressing Company passed by 685 votes.

The inclement weather was the cause of keeping many from exercising their franchise, and this is especially true of the morning. In the afternoon, however, occasional dry spells were responsible for large turnout of voters. The poll was, at any rate, large, considering the circumstances.

The vote was as follows:
Bylaw No. 299—Finch Compressing Co. franchise
No. 1 No. 2 No. 3 No. 4 No. 5
For 1610 1414 1371 1414 739

CAPTAIN ROLAND HAS BEEN FOUND

Missing Man Lived Thirty Days With Hardly Any Food at All

Wabigoon, Ont., June 21.—Capt. W. Roland, who was lost on Manitou Lake on May 18th, was found on June 18 after being 31 days without food, living chiefly on water. The captain was not only well but cheerful and was discovered by a chance party of surveyors who came across notices he had placed on trees in the vicinity. He will return immediately to the Port Arthur hospital.

THE WEATHER

Forecasts—Manitoba: High temperature with local thunderstorms to night and Wednesday.

"JOE" ATTACKS GOVERNMENT

Canadian Member in British House Turns Against His Leaders

London, June 21.—Joe Martin, M. P., comes out definitely against the party under whose umbrella he won his seat at St. Pancras. He said in a letter to the press yesterday that he has lost all confidence in the government, and adds that it is the duty of every Radical to speak out before the political peace now being hatched by Balfour and Premier Asquith is completed and the Liberal party completely destroyed.

LADY ARCHIBALD DEAD

Halifax, June 20.—Lady Archibald, widow of Sir Adam C. Archibald, Lieutenant-Governor of Nova Scotia, died at New Glasgow, Saturday. Before her marriage she was Miss Elizabeth Burnett, daughter of the late Rev. John Burnett, once rector of Truro.

SERIOUS DISASTER IN CHIGNECTO MINE

Explosion From Unknown Cause Resulted in the Death of Two Men.

Halifax, N. S., June 21.—Two of those whose duty it was to see that the gallery of the Maritime Coal, Railway and Power Company, at Chignecto, was safe, are dead as the result of an explosion in the mine at three o'clock yesterday morning.

Battered, bruised and disfigured by the force of the explosion, the body of William Stevens, the late manager of Chignecto, was found at nine o'clock last night in the east section of the nineteen hundred foot level. The deceased, accompanied by a young lad named Wood, went into the mine about two o'clock yesterday morning to test the different levels and balconies before the first shift went to work. Shortly after they went down into the mine, the muffled roar of an explosion was distinctly heard at the mouth of the pit and the alarm was at once sounded which brought the men in force to the Bankhead buildings.

It was not known in what part of the mine the explosion occurred and the presence of gas following the explosion made the work of rescue a slow process. The men and the management labored together to clear the slope of the levels of the deadly gas and as fast as the gas receded the searching parties advanced.

Late in the afternoon the body of Wood was found in the east section of the nineteen hundred foot level. His remains were but slightly marked. Beyond the place forty bodies were found. There was a heavy fall of coal and it was not until evening that the remains of Stevens were reached.

MANY KILLED IN WRECK

Ville Preux, France, June 21.—The Granville express, which crashed into the car of a local train standing at the station here yesterday. Both trains were wrecked and the wreckage caught fire. Fourteen bodies have been taken from the wreckage and it is feared that many others are underneath.

SAW MILL DESTROYED

Rainy River, June 20.—The saw mill of the J. D. McArthur Lumber Co., at Aitkenokan, Rainy River district, was destroyed by fire on Saturday with a loss of \$50,000.

THE ALBERTA CROP SITUATION

Under date of June 16, the Winnipeg Free Press presents these crop reports from Alberta points:

Red Deer—Height of wheat, 10 inches. Crops not later than last year. No set-back; conditions very fair. Barley seeding completed end of May. All crops are up. Snowstorm of 5 inches June 1st did incalculable good. Heavy rain Sunday, crops not suffering. But can stand more rain. No flax.

Wetaskiwin—Wheat in this district 5 in high and having no set back is earlier than last year. Oat crop also looking good. Barley seeding completed about June 1, and all crop in. Snow and rain of past month equal to 1½ inches of rain, and none needed at present. Not much flax sown in this district. Wetaskiwin district crops never looked better.

Leduc—Fall wheat a foot high, fully spring wheat is about six inches, fully fifty per cent better than at this date last year. No set-back, condition excellent. Barley seeding completed about May 25 and all up. Lack of rain not felt, but could stand more. Little or no flax grown.

Lacombe—Wheat coming on well, average height about 14 inches and is ahead of last year as regards stand. It has had no serious set-back. Oat crop has never been better at this date, and there has been a great increase in acreage this season. Barley was all in about May 20, and is well up. Have had about two inches rainfall since May 18. Wheat is not badly needed, a good shower would be welcome. No flax in this district.

Stettler—Wheat in this district 3 to 5 in. high compares favorably with last year. No untoward conditions regarding wheat past this date. Barley seeding completed two weeks, oats looking healthy, flax crop about double that of last year. Had several heavy showers locally and four to five inches of snow June 1. Subsequent warm weather promoted rapid growth.

Camrose—Spring wheat is three or four inches high, while fall wheat is seven; crop is in better condition than last year. Weather splendid during the month with abundance of moisture and no damage by frost or otherwise. Oats look good. Barley seeding completed two weeks ago, and part of it up. Some rye headed. No flax grown here.

Daysland—Wheat 8 to 10 inches high, conditions most favorable, no setback since seeding commenced. Same can be said of oats which seem more advanced than usual at this time of year. Some barley and flax sown late but all grain up and looking well. Have had several big rains including a foot of soft snow on June 1, so rain is not needed. Flax crop estimated at about 200 acres.

High River—Wheat in this district ranges 4 to 12 inches, average about seven. Spring conditions favorable, but rain badly needed now. Land properly farmed greatly superior to where indifferent work was done. With favorable weather from now on average crop assured. Oats doing well as dry weather will permit. Little barley or flax grown in this district.

Macleod—The height of spring wheat is from four to six inches. Conditions not as far advanced as a year ago owing to lack of moisture. Winter wheat averages in height 20 inches, maximum 26 inches. Convinced dryness holding back all crops, no great damage yet, but rain needed. Oat crop generally good but needs rain. Have had only occasional showers in this district this year, no usual spring rains at all.

Raymond—Wheat ranges from 4 to 20 inches high. Condition not so good as last year this date. No set-backs very light. Oats and barley planted not coming along well owing to the drought. Practically no flax in this district.

Magrath—Fall wheat 24 inches high and spring wheat about 7 inches, crop compares favorably with crop last year. There has been no special setback since May 18. Oat crop is looking splendid. All seeding over and very little has been damaged. Had several good rains since last report yet rain is needed but not badly.

Height average of wheat from 6 to 8 inches; favorable comparison with last year. No special setback since May 18. Oats well up and in good condition. Barley seeding completed June 1, crop is all above ground. Copious rains in some parts; other parts rain needed. Flax about 100 acres. Prospects fine.

Medicine Hat—Spring wheat is now up to a height of from 3 to 10 inches in this district; but is not as far forward by two or three weeks compared with last year. A light frost on June 2 resulted in a slight setback. The prospects for the oat crop are exceptionally good. Barley seeding was finished by the last week in May, and it is all up. There has been very little rain this month close to the city.

but yesterday the country to the south got the benefit of heavy showers; more is needed.

Calgary—Spring wheat is well above ground though it is not as far advanced as it was at this time last year. Fall wheat is 16 to 18 inches in height and its condition is better than the average man thinks. Dry weather in the last month held it back some, but the necessary moisture has come and no fears need be entertained concerning it. The oat crop looks very promising. In fact it never looked better in Alberta at this time of the year. Barley seeding is completed and more than half of it is up. A large percentage of winter wheat was killed in Alberta, and 20 per cent of the land has been resown in flax, 40 per cent in spring wheat and 40 per cent in oats. It is estimated that the average in flax is from 5,000 to 10,000 acres more than last year.

Box Island—Spring wheat 6 to 15 inches high. Fall grain looking good and fair crop assured if rain comes within next ten days. Conditions compare favorably with last year, no special setback having occurred. Oat crop looking fairly well. A few showers fallen but more moisture needed.

Pincher Creek—Wheat in this district 30 inches high. The wheat crop is at least three weeks further advanced than last year at this time. No setback since May 18. Oat crop in first class condition. Barley seeding completed in April. All crops up. Rain is needed. No flax grown around here.

Leithbridge—Spring wheat in this district about 12 to 14 inches high. Winter wheat from 12 to 30 inches. Although starting earlier than last year, wheat is now two weeks behind owing to the dry weather, and growth is very slow. Oat crop backward. Very little barley or flax sown. About one inch rain fell in last month. Crops looking well on ground well prepared. Both winter and spring wheat holding color well.

Lloydminster—Wheat 6 to 7 inches high, slightly more advanced than last year, being much better stocked out. No setback of serious import since May 18. General condition of oats fair, some cases backward and rather uneven throughout last spring plowing. Barley seeding completed a week ago, and 75 per cent up. Rain fell this month about average, and more will benefit. Flax sown about 45 per cent less than last year.

Vermilion—Percentage wheat in this district approximately for spring wheat 60 per cent, fall wheat 5 per cent. Spring wheat not quite up to last year's mark. Fall wheat much ahead of last year. Oat crop only fair. About twenty per cent, seeded to oats. Recent showers, but more needed. Barley is being seeded now. Flax will be completed about July 1.

Fort Saskatchewan—Spring wheat 8 to 9 inches high, while fall wheat about 14 inches. Condition about the same as this time last year, no setback from any cause having occurred. Oat crop looking well. Barley seeding completed about a week ago, and all up. No flax sown. Have had some good rains during the last thirty days.

Wainwright—Wheat is nine inches high and equal to last year, which was a banner one in this district. It has stood out well, and has not received any setback by frost or lack of moisture. Oats promise equally well. About ninety per cent. of all grains sown above ground. About 300 acres flax sown. Rain would help. Tofteld—Fall wheat in this district in particularly good shape; some fully 20 inches high. Spring wheat eight to 12 inches. Compared with last year's crop about the same stage. Heavy rains ten days ago sent the crop ahead and brought all sprouting seed above ground. Dry weather prevailing now. Sufficient rain not fallen. Oats six inches high and doing well. Barley, all seeded three weeks, and crop up. Flax less than 100 acres.

STATE OF THE SHEEP INDUSTRY

Neil M. Stalker, manager of the Argyle Sheep Raising Company, Chin Coulee, was in the city last evening. He says that shearing is just commencing, and will be all through in Southern Alberta, by July 1st. He says the fleece this year is the best in the history of the industry in the province, and sheepmen are receiving a larger number of enquiries for their product than ever before. Never before has the industry been in such a favorable condition, declares Mr. Stalker. The bands came through last winter with practically no loss, and the lambing season just closed was excellent, the percentage being almost 100. Mr. Stalker has just purchased 300 head of mutton for P. Burns & Co., from McKenzie and Campbell of Grassy Lake, 1,000 are to be delivered immediately after shearing, and the balance in two months—Leithbridge Herald.

KILLED BY HAIL STONES

Youngton, Ohio, June 21.—A special from Greenville, Pa., says that A. M. Thompson was struck by a hail-storm yesterday and knocked unconscious. During the storm, hail stones two inches in diameter fell, much damage was done to crops and window glass. A team in a funeral procession was stampeded, and threw the occupants out. None were hurt.

WINGHAM MAN DROWNED

Wingham, June 20.—J. A. Ritchie, a barber, was drowned while swimming in the Maitland river yesterday. He was married only a few months ago.

MANITOBA ELECTIONS

Winnipeg, June 21.—As anticipated a week since, the Manitoba elections have been set for July 11th, nominations being a week earlier. This was given out after the cabinet meeting yesterday.

STORM AT WAINWRIGHT

Wainwright, June 21.—A terrific thunderstorm raged here yesterday afternoon. There has been nothing like it for twenty years in the district. Great damage was done to buildings and stores were flooded. The hail stones which fell were as large as hen's eggs.

The mounted police located the two girls, Flossie Johnston and Maggie Johnson, who were missing from their homes last Tuesday, on Saturday, and on the same evening they were returned to their respective parents. Flossie Johnston turned up at the home of some friends in Banff while the other one worked on the train near Camrose on her way home.

Tenders for Plumbing, Electric Wiring, Heating, Ventilation, and Mechanical and Equipment

Sealed separate tenders, addressed to John Stocks, Edmonton, registered and informed tenders for:

(A) Plumbing.
(B) Electric Wiring.
(C) Ventilation and mechanical equipment, will be received up to 12 o'clock, noon, June 20th, 1910.

Plans and specifications may be seen and forms of tender had at the Engineer's Office, Department of Public Works, Edmonton, the branch office of the Department of Public Works, Calgary, and the Construction Office of the Jail Building, Lethbridge.

All tenders must be accompanied by an accepted cheque payable at bank, in the amount of five (5) per cent., per cent. of the tender, as a guarantee that should a tender be accepted, the bidder is prepared to execute a contract within three days after acceptance of the tender.

If a tender is accepted a marked cheque or guarantee bond of a surety company legally doing business in Alberta to the amount of twenty (20) per cent. of the tender will be returned to the bidder if the contract is not executed.

The right is reserved to reject any or all bids or waive any defects. The introduction of live stock into his farming operations is this often deferred too long and it takes many years to get the land back to anything like its original fertility. This is to do it to begin early. Make live stock husbandry a part of the farming operations from the beginning. Begin before the soil has lost its productive power, to supply the means of maintaining soil fertility. This task will be an easy one compared with starting in when the land becomes poor. No farmer, not even the stogie farmer, can afford to allow his store house of fertility to be depleted. He should watch it as he would his bank account and not allow his account to be overdrawn.

JOHN STOCKS, Deputy Minister of Public Works. Dated at Edmonton this 21st day of May, 1910.

ESKIMOS ARE IN SECOND PLACE

Defeated Regina in a Funny Game While Maroons Were Beating the Hat

Regina, Sask., June 21.—Deacon White's stock company presented that charming tragedy "Winning a game with One Hit," at the Town Hall yesterday. Jacko Grady was touched off by seven safeties, which netted the homesters the immense sum of one counter. The Eskimos saved their hit until it was really needed, and then, bingo, and two runs cross the plate. Regina fielded in a sloppy manner and deserved to lose. Jack Brennan was in the game and accepted six chances in his usual polished style. Dretchko will probably pitch today.

HEAT KILLS CROPS IN BORDER STATES

Minnesota, Wisconsin and North and South Dakota Are All Suffering

St. Paul, Minn., June 21.—The intense heat is burning the green crops in Minnesota, Wisconsin and the Dakotas, and the crops at the present time are in a critical condition. Not for five weeks has a substantial rain fallen in southern Minnesota and Wisconsin. Northern Minnesota and the Dakotas are little better fixed, except in the Red River Valley, where the underground moisture is helping. Crops are cut up to 50 per cent. Barley is badly out. Timothy, wild hay and pasture are all badly affected and without, especially heavy rains will suffer more.

MAN CONFESSES MANY ROBBERIES

Before His Arrest Robberies and Holdups Were Weekly Affairs

Cobalt, June 21.—John Menard, who confessed to several highway robberies in Cobalt, was sentenced to four years in Kingston penitentiary yesterday afternoon. He implicates Frank Dunn as his confederate. He stated in detail that he, Frank Dunn, and a third man went into the store of Charles Agat, assaulted him, and took away a sum of money. Dunn will be tried on Friday. There had been holdups and robberies weekly just before the arrest of these two men.

FENIAN RAID MEMORIAL

Toronto, Ont., June 21.—With all due honor and military display, a memorial window to the members of the Fenian Club who fell at Ridgeway in June, 1866, was unveiled this afternoon in the East hall of the building of the University of Toronto, by the Hon. J. M. Gibson, Lieutenant-Governor of Ontario, and Professor of the Alumni Association. With those on the platform with Sir Henry Pellatt, Sir Charles Moss, Sir William Meredith, Byron E. Walker, President Fenian, Chancellor Burwash and Provost MacInn.

MACLEOD BEAT CLARESHOLM

Kid McLane Pitched for Winners—Barnstead Played Second—League Breaks Up

MacLeod, June 17.—In the fastest game of ball ever played in the Southern Alberta league, MacLeod tonight defeated Clareholm at MacLeod in a 10 inning game. The game was very exciting throughout and at times very classy ball was played. The score at the end of the ninth stood 8-8 and in an extra innings MacLeod scored the winning run.

The line-up was as follows: MacLeod: McClaire, p.; McLaren, c.; Brown, 1b.; Barnstead, 2b.; Grimes, 3b.; Prots, s.s.; Robinson, 1b.; Beresford, cf.; Murphy, cf.; Williams, cf.; Clareholm: Ardelle, p.; Williams, c.; Price 1b.; Moore, 2b.; Miller, 3b.; Moffat, s.s.; Simpson, 1b.; Reynolds, 1b.; Graff, cf.

Stavely and Clareholm have withdrawn from the league owing to the expense. MacLeod and Granum will continue a two club league, playing three games a week.

CALLIES A. VS. Y. M. C. A.

The above teams were to have played off their league game last night, but owing to the weather the game has been put off until tonight. The following players are requested to turn out for the Callies: Wilson, McDonald, McKenzie, Johnston, Belsland, Cowan, Christie, Wright, McAllister, Tod Chapman, (Findlay reserve). The players to meet at the Y. M. C. A. 6:45 prompt.

AFTER NEVADA GOVERNOR

Carson City, Nev., June 21.—Hundreds of letters and many telegrams demanding that steps be taken to prevent the holding of the Jeffries-Johnson fight in Nevada are pouring into the office of Governor Dickerson. There has been a continuous stream of communications since the issue of ultimatum by Governor Gillette of California. All manner of influence is brought to bear on state officers to defeat fight promoters in what is considered to be their last chance. Governor Dickerson is in Oregon but is expected home a few days.

RENO GETS THE FIGHT

Reno, Nev., June 21.—If Reno furnishes funds to construct a suitable arena to seat 25,000 people, pays the \$1,000 license fee and furnishes site, the Jeffries-Johnson fight will be held here. Tex Rickards practically assured the city of contest at a meeting which began shortly after midnight and lasted over an hour. This morning there is no doubt that money which will amount to about \$17,000 will be raised. There will be a mass meeting of representative business men of Reno this morning.

REGINA WILL STICK TO W.C.L.

But Roxy Walters Refused to Apologize Unless Absolutely Necessary

Regina, June 21.—At a meeting of the executive of the Regina Professional Baseball Company held yesterday it was decided to stay with the league in spite of the action of President Dickerson, which indicates that there is little chance of Regina getting a square deal.

With regard to the apology which the president of the league demands from Roxy Walters before he is permitted to play again, it is believed that this will be fixed up all right. Roxy doesn't intend to apologize unless he has to. He is on the branch for six days anyway, and by the end of that time it is expected that definite information as to the power of Dickerson will be at hand. If it is found that the president has the right to demand an apology from a player for an opinion privately expressed, then Roxy will apologize. But he isn't going to unless he has to.

OTTAWA WILL TRAVEL

Ottawa, June 21.—The Ottawa Cricket club decided tonight to send a team on a trip to Philadelphia, New York and other points next month. They will leave on July 16 and will be absent for about three weeks. They will also play at Washington and Brooklyn.

MOOSE AMONG THE HORSES

Ottawa, June 21.—E. Symes, a farmer living within three miles of the town of Aylmer, P.Q., today reported that on Friday last a full grown moose browsed with his horses in a field near his farm buildings. Such an occurrence has never before been reported from that district.

JIM CORBETT TOOK IT BACK

Admits He Was Only Bluffing When He Offered to Fight Jack Johnson

Rowardennan, Cal., June 21.—Jim Corbett last night said: "No doubt you have noticed in the papers that Johnson and myself have been having quite a war of words. I'm kidding," the big smoke alone and having a little fun with him. He got hot and invited me out to the training quarters to spar with him, but he didn't stop to think that I've been in the business a long, long time and I knew he wouldn't take any chances sparring with me in his training quarters or any other place.

"Just to kid" him a little bit, however, I defied him to bet me \$5,000 that I wouldn't go out and box with him. This, of course, I knew he would not accept, so it was a good chance for me to show the public out here that he is somewhat of a bluffer himself.

"Nothing would please me more than to put the gloves on with Johnson, because, no matter what might happen, I would be sure to get a line on his so-called catch, and I might also discover a few weak points that may have been overlooked in his previous fights."

"However, he is taking me seriously and that's just what I want. I want him to pay attention to everything I say, and I promise you it won't do him any good if he hears what I'm going to say about him from now until the fight is decided."

NORWOOD VS. CALLIES B.

The Callies B. team will be picked from the following players to play against Norwood on Wednesday, 22nd, and are requested to be at the Y.M.C.A. at 6:45: Orr, Roxborough, Bryce, Rodemacher, Torrance, Hunter, Murdoch, Allan, Jackson, Cronin, Hope, Gilmore and Patterson.

CALGARY C. C. WON

The Calgary cricket club defeated Pine Lake on Saturday by 79 to 38. Spick, 31, Downing 10, and Vincent 12 were high scorers for Calgary, while Chapman 8, made top score for the visitors. Spick took five wickets for 9 runs, and Stevens 5 for 12.

WAYS AFTER THEM

Cobb was after them. Had he caught that fly of Walters, Saturday, he would have made a double play and won the game for his team, but he failed.

Criticism was made because Cobb did not take the ball on the first bound. Argument was that any other player would. That is the reason these other players can't claim a reputation similar to the one possessed by Cobb. He will fail in some of them, but four out of every five times he will be successful. If Cobb did not take those chances he would not last long. When he makes good on them he looks great, and when he fails they make him look bad. But making good on four out of every five is pretty fair work.

TYRUS COBB AND CRIGER

There Is Deadly Enmity Between the Grouchy Catcher and the Ambitious Outfielder

Loa Criger (seated on visitors' bench at Detroit ball park—You're a fine outfielder, aren't you? An amateur wouldn't do as bad as you did. Tyrus Cobb at bat—I don't see you in the line-up. Your name isn't even on the score card.

Detroit, June 20.—This baseball reprieve was passed in Saturday's game Criger was criticizing Cobb for making a try at short line drive, which he missed and which consequently went for four bases.

It was more of a tragedy than a comedy. Criger, aged, the grouchyest man in baseball, is not in the line-up, and his name is not on the score card. He is still considered a good backstop, when New York got him from St. Louis, but he's on the bench. And Criger can blame Cobb.

Had it not been for Cobb, Criger would probably still be with St. Louis. A mean and ugly disposition robbed him of his place in the game. The incident to which Criger can trace his downfall occurred at the Detroit ball park a little more than a year ago. The Browns were playing here.

BELETTED COBB

Before the season opened Criger made the statement that Cobb was a "flash in the pan," a mediocre base-runner, and that he would "show him up" and "get his goat." The war for the "goat" started that afternoon.

The first time he got on Cobb stole second. Ample preliminaries limited to verbal exchanges between the ambitious Cobb and the grouchy Criger preceded this event. Criger, his pride assailed, wounded of spirits, made a wild, heavy charge when the crucial test came. Cobb continued stealing. It "broke" the member of that once famous battery, Young and Criger.

The Value of Chances

Criger may never be able to understand why Cobb continues ranking him as the enemy. Prejudice will prevent Criger from realizing Cobb's true worth. He set his own standard too high and deprecated that of another man.

Men like Cobb, Bush, Chase and a few others are great players. One of the reasons is because they take chances. Lajoie, one of the best fielders the game has produced, said on one occasion in Detroit that he owed his success to going after everything. "You never know what balls you can get and which ones you can't get unless you go after them," explained the Frenchman.

TOFIELD HERE ON WEDNESDAY

Will Play Y. M. C. A. at Diamond Park—Game Will Be Called at 6:30

Arrangements were completed last evening to bring the fast Tofield base ball team to Edmonton tomorrow night. Jack Knott's Y. M. C. A. team will uphold the city's fair name and endeavor to wrest a victory from the champions of the G. T. P. line. The visitors will arrive at 6 p.m., and the game is scheduled for 6:30 at Diamond park.

Fans are requested to ignore the huge gap in the fence, and "walk bravely up to the Captain's office" where a small admission fee will be exacted.

The Y. M. C. A. players are taking full precaution to keep their amateur status unaltered. A bunch of A. A. A. certificates were mailed to Tofield last night and must be returned, fully filled in, before the locals will take the field.

The Y. M. C. A. will have the old favorites, Pete Bure and Fred Barney in the points. Miller 1b., Morgan, 2b., German, s.s., Inglis, 3b.; Jarnison, 1b.; Knott, c.f. and Clark, r.f.

HOW JEFF GOT HIS TIN EAR

Did Not Receive the Decoration in the Ring—A Friend Was the Cause of It

It has long been a matter of speculation among sports as to who had the honor of giving the Champ a cauliflower ear. Almost every fighter who ever met Jeff in the ring has claimed that his was the deadly fist that mashed the big one's aural appendage.

The other night after dinner at the training camp at Rawardennan, Jeff told the story for the first time. "Jeff," someone once said, "in what fight did you get your tin ear?"

"The champ grinned. 'It wasn't in any fight,' he said. 'I got that from a friend of mine. His name was Monahan. I had been long with some one and was standing in my saloon in front of the bar when Monahan came in. He was slightly the worse for wear.'

"He came up to where we were standing and slapped me on the back rather uproariously. Then he raised his hand and gave me a cuff on the side of the head. It happened to hit my ear, which I had scratched in the boxing."

"Don't do that, Harry," I said. "That ear is sore."

"He looked at me a moment, then deliberately raised his fist and before I realized what he was about swung his hand as he could. He struck me squarely on the ear with his full force."

"Strung with the pain, I whirled and clipped him on the point of the jaw, and he went down on the floor of the saloon like a log. It scared me so I forgot all about the ear. I picked him up and propped him against the bar and gave him something to drink, and in a minute he came to, perfectly sober and very apologetic. I had gone at once to a physician I could have had the ear patched up all right, but when I saw that I hadn't hurt my friend badly I felt so relieved that I paid no further attention to it."

There has been considerable unnecessary delay in connection with the appointment of a dairy inspector but it is expected that the matter will be finally disposed of at tonight's meeting of the council. There has been a large amount of red tape over the appointment and the board of health are at a loss to understand why the commissioners should take a hand in the matter, as they consider it one between themselves and the council only. Whether Dr. Shearer, the veterinary inspector backed by the commissioners, or Mr. Andrew Loan, the man recommended by the board of health, will be retained, is the point at issue.

The Strathcons Plaiudealer says: Winter wheat is a splendid crop in the district around the city and this season will undoubtedly see an exceptionally early harvest and heavy yield. The rains of two weeks ago met the requirements of the crop and the development since then has been remarkably rapid. Ald. Tipton brought a sample sheaf of fall wheat in from his farm last week, which shows a splendid growth, being thirty inches in length and heading out nicely. This sample was not picked from a part of the field particularly well advanced, as the judge informs the Plaiudealer that the whole twenty acres is equally as good. The crop wintered well and Ald. Tipton who is a strong advocate of Northern Alberta as a future fall wheat country, will sow a much larger acreage this year.

PRESIDENT HAYS WILL BE WITNESS

Englishman Trying to Enforce Sale to Him of Lots in the G.T.P. Townsite

Vancouver, B.C., June 21.—Charles M. Hays, president of the Grand Trunk Pacific railway, arrived in Vancouver yesterday on a special trip from east to appear as defendant and chief witness in the case of Frewen v. the Grand Trunk Pacific Townsite Co. This action, which involves approximately half a million dollars worth of property in the Grand Trunk Pacific townsite, is being brought by Hesteron Frewen, the well-known Hamilton, of London, England, to enforce an alleged agreement of sale from the townsite company to himself, of one thousand lots in the new city to the north.

The plaintiff bases his action on what he terms was a verbal understanding between himself and the president of the Grand Trunk Pacific railway, which, he asserts, was followed by correspondence concerning the proposed transfer of lots in question from the townsite company to himself.

He saw active service in the Fenian raid in 1866.

VERY AMUSING PLAY

"Are you an Oddfellow?" the farce presented by the Eckhardt Company at the Empire Theatre last night proved an immensely amusing affair. It was well presented and the audience was laughing the greater part of the evening. The play is modelled very closely after "Are You a Mason?" but it is some respects even funnier because the idea of "Charlie's Aunt," a man masquerading as a woman, is used and some very funny situations developed therefrom.

Mr. Whit Brandon as Jack Rutledge and as the cloak model assumed the most difficult and one of the most amusing roles. Mr. Eckhardt was excellent as the elderly gentleman with sporting ambitions. The other members of the company supported the principals well.

BULLEN WAS STAGGERED (Continued from Page One.)

Mr. Bullen then switched to an unexpected topic and gave vent to a little criticism of real estate men in the west. "Speculation in real estate may be very fascinating," said Mr. Bullen, "but the man who produces finds it hard to produce to reasonable profit. You may buy a piece of property for \$1,000 tomorrow and sell it for \$10,000 next year, but you must not forget that the difference comes from the blood and sweat of some poor man."

A particularly noticeable thing in this country was the apparent rise of the laboring man from his heretofore low position and meagre education to one of higher culture and refinement. Education, of course, was responsible for the change. Many a laboring man who some years ago was grovelling in obscurity is today fit to shake the hand of the president of the United States.

"I was going to say the King," said Mr. Bullen, "but I modified it." Mr. Bullen then returned to the question of imperial sentiment, and said although many people considered that, to use an American phrase, Britain was "down and out," she was still "on." (Loud applause.)

"Notwithstanding her faults, sloveness and political controversy," declared Mr. Bullen, "she is the dearest country that God lets the sun shine on."

At the conclusion of his address a hearty vote of thanks was tendered Mr. Bullen, to which he responded fittingly.

The Day in Strathcona

On Thursday the baseball team will leave for Lethbridge to play a match with that town on Friday.

The marriage of Miss Maileta Elliott, daughter of Mr. Arthur Elliott, to Mr. George Freeman, will take place tomorrow at the residence of the bride's father on Third street east and First street north.

A number of prizes and cups are now on view in F. A. Peel's jewellers shop on Whyte avenue, amongst which the cup to be presented to the winner of the Gentlemen's Road Race on the First of July. It is made of solid silver in the goblet style and stands about twelve inches high without its pedestal.

At the meeting of the Strathcona Cemetery Association yesterday afternoon, the report of the Secretary-Treasurer was read and adopted, and Messrs. Robert Ritchie, O. Bush, and R. A. Hulbert were elected directors for the coming year. It was decided to erect a new fence around the property and it was also proposed to build a house for the caretaker on or near the grounds; this matter being left to the directors.

NEW INSTRUMENTS FOR S. A. ARMY BAND

Will Be Presented by Mayor Lee at Special Meeting Thursday Night

The Salvation Army has received a shipment of four new silver plated instruments for its band from the Army's factory in England. They are now on exhibition in the windows of the Great West Saddlery Company on Jasper avenue and will be presented by Mayor Lee at a special meeting to be held in the Army Barracks on Thursday night.

This shipment brings the number of silver plated instruments in the band up to a dozen. The Army officers here are doing all they can to strengthen the band as it not only assists greatly in their work but makes an inducement to bring Army immigrants to this city.

MET DEATH SMILING

Walter Ross, Murderer, Was Executed at North Bay.

North Bay, Ont., June 21.—Walter Ross was executed at 7 o'clock this morning. He met death with a smile, still protesting that the shooting was in self defence. Ross was found guilty of murdering Percy Perkins at Ramore on December 7 last. Ross, in his evidence, claimed that Perkins threatened him with an axe and he used his rifle in self defence.

Nothing guessed at here. Guessing may go in some lines of business, but not in prescription. Edmonton Drug Co.
